Objective:

A highly motivated senior computer science student at Seattle Pacific University with a strong academic background and practical experience in software development. Seeking a challenging opportunity to apply and enhance skills in software engineering and cybersecurity and contribute to innovative projects.

Education:

Bachelor of Science in Computer Science
Seattle Pacific University, Seattle, WA
Expected Graduation: June 2025
GPA: 3.8

Relevant Coursework:

- Data Structures and Algorithms
- Software Engineering
- Database Systems
- Operating Systems
- Information Security

Skills:

Programming Languages:

- Proficient in C++, Java, Python
- Familiar with HTML, CSS, JavaScript

Software and Tools:

- Experience with Git version control
- Proficient in IDEs such as Visual Studio and CLion
- Familiarity with Linux and Windows operating systems

Technical Skills:

- Strong problem-solving abilities
- Understanding of object-oriented programming principles
- Experience with agile development methodologies
- Knowledge of software testing techniques

Experience:

Software Engineering Intern
Microsoft, Seattle, WA

June 2023 – September 2023

- Collaborated with a team of developers to design and implement new features for Dynamics product.
- Participated in code reviews and provided constructive feedback to team members,
- Assisted in troubleshooting and resolving software bugs,
- Contributed to the improvement of development processes by proposing and implementing enhancements,

Projects:

Online Bookstore Management System

- Developed a web-based application using Java Servlets and JSP for managing inventory, processing orders, and generating reports
- Implemented user authentication and authorization functionalities
- Utilized MySQL database for data storage and retrieval
- Image Recognition with Convolutional Neural Networks
- Implemented a convolutional neural network using Python and TensorFlow to classify images into predefined categories
- Preprocessed image data and fine-tuned model parameters to improve accuracy
- Presented findings and demonstrated the project at a university research symposium

Activities and Leadership:

- Member, Association for Computing Machinery (ACM), Seattle Pacific University Chapter
- Treasurer, Computer Science Club, Seattle Pacific University
- Volunteer, Coding Bootcamp for High School Students, 2022
